

Custom structural components for your equine needs

GRILLS

STALL DOORS

EXTERIOR DOORS

ACCESSORIES

B LUE MOUNTAIN WELDING is a small, family-owned business located in Newburg, Pennsylvania. The business was established

in 2006 as part time work for a few neighbors and has evolved into making stall doors, grills and accessories for horse barns.

We have designed a long lineup of steel interior products and we also offer aluminum exterior sliding and swinging doors. In our shop we strive to give you, the customer, a product that exceeds your quality expectations as well as being fully functional and matching your project perfectly.

Please contact us and together we can customize our products to fit your needs.

Thank you for giving us the opportunity to help you with your project.
